Who we Are

Feed My People Corp.

Feed my people is a Christian based 501c3 nonprofit corporation that seeks care for those in need. We do this by not only feeding the body with healthy nutritious food, but we also want to feed the mind through education and soul through biblical practices.

We offer financial literacy classes because we know that in the richest country in the world too many people are living below the poverty line, and many are a paycheck away from being homeless.

We offer programs to promote our youth in education focusing on STEM (Science, Technology, Engineering, and Math) Our goal is to create an atmosphere where learning is fun and fundamental.

We offer bible study to connect people to their spiritual soul. Our bible-based studies are used to connect people to Jesus Christ and to make him an intricate part of their everyday lives.

We feel that the combination of these services will change a person's life forever in the most positive way.

Recap

- Feed my People Corp (FMPC) had a successful 1st year in 2022. Overall, we were able to touch over 5000 people with our annual campaigns.
- Our goal for 2023 is to double that number and reach 10,000 people.
- We are believing God will bless us with a permanent location and a couple of box trucks including a refrigerated truck in 2023.
- Most importantly – our volunteers are the best. Always ready and willing to serve when called upon. Your commitment to this ministry is invaluable. Thank you for your continued support. Berkmar High School we look forward to our continued partnership in 2023.
- And finally thank you to our donors and partners with a special shout out to projectgoo.com and [Fresh Start Church](#). If you gave \$5.00 or \$5000.00 dollars, we could not do what we do without your support. We look forward to your continued partnership in 2023. There's plenty of room for more. Join us as we make a difference in the lives of those in need.
